

### Collections created for comfort, convenience, and quality of care.

At Champion, we combine form and function and engineer quality into every product. Regardless of the medical recliner collection you choose for your facility, you are guaranteed a seating solution that prioritizes patients and providers, respects your bottom line, and complements the needs and décor of your healthcare facility.

We know you must consider a range of factors when making your decisions, and we're here to help you create a custom order that meets all of your needs — and those of your patients.

## champion<sup>®</sup> PREMIER COLLECTION

**Common Applications:** Oncology & Infusion Settings, Labor & Delivery Rooms, General Patient Room Seating, Dialysis Settings

### Premium Medical Recliners

In any healthcare facility, most equipment and tasks are geared toward treating patients. Unfortunately, that doesn't always extend to the overall design and aesthetic. Emphasizing the needs and preferences of both patient and provider, our Champion Premier Collection of medical recliners offer stylish designs that feel good, work great, and help improve the patient experience.

### Alō Treatment

(Manual, Manual XL, Power, Power XL;

## SELECT COLLECTION

**Common Applications:** Oncology & Infusion Settings, Labor & Delivery Rooms, General Patient Room Seating, Dialysis Settings

### Value Medical Recliners

No matter the price point of our products, quality is sewn into every fabric and tightened into the mechanics with every turn of a screw. But we're aware that medical facilities have different needs and different budgets. That's why our Champion Select Collection exists: It's designed to meet the harsh demands of the healthcare industry with a durability that lasts and a style that appeals at a price that's economical.

### Augustine

(Manual XL; 500 lbs./226.80 kg)

Homey aesthetic, low profile, and spacious seat provide comfort and convenience.

#### Standard Features:

- Fixed Arms

- Fixed Arms
- Dual Fold-Down Side Tables
- Headrest Cover
- 5"/12.7 cm Casters

## The 526 Sleeper

(Manual; 300 lbs./136.08 kg)

Provides stylish daytime seating and spacious sleeping for overnight guests.

### Standard Features:

- Configurable for 3 Different Positions/Uses
- Caster Rear-Locking Wheels
- Z-Spring Construction

While our Premier Collection is typically more expensive than our Select Collection, it also offers more standard features and available options on each chair. However, even within each collection, you can custom design your medical recliners so they're tailor-made for your facility and find a price point that works for you.

### champion<sup>®</sup> PREMIER COLLECTION

A complete range of premium power and manual recliners, this collection offers innovative functionality for both the patient and caregiver while ensuring the patient experience is one of comfort, safety, and convenience.
